**Sleeve Length** measurement is from the middle of the back of the neck down to the wrist.

**Length** measurement is from the top of the shoulder to the bottom of the hemline.

**Pit to Pit** measurement is from armpit to armpit. Find a garment of yours that fits well and is similar to our Hoodie. Lay it down flat and fully extended, but make sure not to stretch it unnaturally. Measure your garment from armpit to armpit across the chest and select a size that corresponds to our chart. If you fall between two sizes, we recommend choosing the larger size.
